Acquiring and developing language competences in the field of specialist language at B2 level according to the European System of Language Description					

Course contents	
Bibliography of literature	
<b>The learning outcomes (for the field of study and specialization)</b>  The student is able to use a foreign language to the extent enabling active participation in a modern work environment through the use of such skills as the use of specialized vocabulary, demonstrating communication skills, especially the skills of preparing and presenting presentations, acquiring, analyzing and processing unnecessary information based on modern technologies. P6S_WG P6S_UK P6S_KR	<b>Knowledge</b>  The student understands the importance of the main threads of the message contained in the complex texts on specific and abstract topics and can understand the discussion using the legal specialist language. He can communicate smoothly and spontaneously enough to have a casual conversation with a native speaker. He formulates clear and detailed oral or written statements on many topics and expresses his position on matters being discussed. Crim_WG010
	<b>Skills</b>  The student has language skills in reading, writing, speaking and listening at B2 level according to the European System of Language Description, which allows him to use a foreign language in formal situations, e.g. in a modern work environment, as well as informal (traveling, everyday situations abroad, etc.). Crim_UK10
	<b>Social competence</b>  The student is open to cultural and linguistic experiences concerning the language he is taught, he is sensitive to changes taking place in the social and political economic sphere of countries where the foreign language is taught. Crim_KR8
